

GTAAN Meeting Minutes

4/22/15

Prepared by VP of Records: Wes Kirkbride

Announcements

Reminder for voting on exec as well as by-laws.

Also reminder on GTAAN Best Practices. Make sure to ask your supervisor to pay for it!

Midterm Progress Report survey is out. Please make sure to complete that.

Rebecca Burnett/Andy Frazee: ENGL 1101/1102

Course sequence of ENGL 1101 and ENGL 1102; Been having some problems with students taking this on time due to registration difficulties.

Also there is an issue with too many students coming in with ENGL 1101 AP.

44 sections of ENGL 1101. Most sections of ENGL devoted to ENGL 1102 in the spring.

What happens to students who decide that they are not going to take it now? There is a 30 credit rule on the books. There is a lot of discussion about what this means in regards to ways to enforce it.

Larry Cloud/Cynthia Jennings: FASET

Handed out the dates. These are on the website as well and can be shared with others.

FASET registration opens on May 19th at 9am.

April 28th is when summer transfer registration closes.

Will continue to release dates earlier.

Library will be going offline. Registration will now be moved. Clough 152 is where registration will be. You will need to bring laptops for the registration piece.

Advising will be pushed back by 30 minutes. Financial Aid will be moved to day one. Added more time to advising. Was a concern that there was not enough time. Students will be leaving at 10am. Advising will be 10:30-1. Registration time tickets will start at 2pm.

Encouraging students to bring their laptops.

If you have the ability to have satellite registration, then do so.

Are we able to cap the orientations? Looking at having a system in the future to be able to cap each sessions. Will not have it this year, but may be able to do it next year. FASET is pushing for it next year.

Transfer Students: Launched GT 2813 as a pilot. Please encourage students to take this class. Survey shows that the class is helping students acclimate well to Georgia Tech.

International Students: Will be working more with OIE to get these students moved in before FASET begins. During FASET, they will be doing a couple breakout sessions for students. WREK camp will also be offered to international students.

Compressed scheduling: Plan next year will be to only offer one that begins on Sunday. No FASET will start on a Sunday (Summer 2016)

Also there will be a summer meeting where a lot of these items and more will be discussed: Tuesday, May 5th.

Students can process their AP credits when they check in on day one.

Concurrent sessions: There will be three and students and guests will be together.

Make sure to continue to share with the FASET office whatever information is being shared with your students.

Should be sharing a final schedule (for the day of) in the next week or so.

Miscellaneous Items

If you have any questions then make sure to email a member of exec.

Pre-orientation items: Video created that goes over buzzport. Shannon will be sending the link to the video and will solicit feedback.

Ideas; Gradesfirst, Degreeworks, check email, maybe there should be a separate advising video.
